

2011/2012 Academic Fees

As a not-for-profit association, CGA prices its programs on a cost recovery basis. All students are assessed an annual basic tuition fee, and a fee for each registered course. New students are also assessed a one-time new student entrance fee and if applicable, transfer credit fees. Other services fees may be assessed for individual requests.

BASIC TUITION FEE

All new and re-enrolling students pay an annual basic tuition fee each academic year. This fee represents the costs of education overhead and student services.

New Student Tuition Options

First-time enrollees are provided the option of enrolling either for a full academic year or a single session only. New students who initially choose the single-session enrollment option must subsequently re-enroll for the balance of the academic year.

COURSE FEES

Course fees are structured to include the cost of textbooks, module notes, web-based resources, educational software, and examination fees (except for deferred and supplemental exams). Exemptions include the CICA Handbook and text/software provided with prerequisite courses.

NEW STUDENT ENTRANCE FEE

New enrollees are assessed a one-time entrance fee to cover a portion of the start-up costs.

TRANSFER CREDIT FEE

A fee per course credit granted is payable upon submission of the Application for Enrollment.

PAYMENT OPTIONS

1. Full payment for all fees owing with the submission of the student's application for enrollment. Full payment will be accepted in the form of cheque or credit card.
2. A current payment plus post-dated payments accepted by credit card only. The current payment must include basic tuition fees, first session course fee, a \$15 handling fee per post-dated payment, other fees as applicable (new student entrance, transfer credits etc.), and GST. Did you know that the majority of students are reimbursed by their employers for the costs of CGA education?

Students who pay their own tuition and course fees are normally refunded 85% or more of the total fees through education and tuition credits, in accordance with the Income Tax Act. In addition, students that accomplish a degree using the CGA/Laurentian Degree partnership are eligible for the Saskatchewan Tuition Fee Income Tax Rebate program. This program provides a tuition rebate for graduates who continue to live and work in Saskatchewan.
